Number of photographs donated: Slides _____ Digital _____

The RSF accepts donations of photographs, either as 35 mm slides or in digital format, of all plants and scenes within the Rhododendron Species Botanical Garden, and of species Rhododendrons growing elsewhere. Donations may be originals or copies. *(See separate sheets for requested information and formatting of all donated photos.)*

All photographs donated are for the use and benefit of the RSF and may be used or reproduced in any manner and format, including but not limited to digital or print, alone or as part of a compilation, that the RSF deems appropriate and consistent with its mission statement.

Donation of photographs to RSF transfers all rights, title, interest and ownership in the photographs to RSF, including copyright interests. If the donor has retained an original or copy of the donated photographs, the donor also retains the right to use the photographs, and the copyright interests transferred to RSF are non-exclusive and do not limit the rights of the donor to publish or copyright the photos.

Any donated photographs may be rejected. Such photographs may be returned to the donor or destroyed at the sole discretion of the RSF Photography Committee unless the donor includes a stamped, self-addressed envelope with the donated photographs, in which case the RSF will return any rejected photos.

This agreement applies to any and all photographs donated to the RSF, now or in the future. Donor will not be required to sign a new donation form each time a donation is made unless donor, or the RSF, requests that donor do so.

This agreement supercedes all previous agreements.

I have read the foregoing Agreement to Donate Photographs to the RSF, understand its contents, and agree to its terms.
